

3M™ Series 20 Aerosol Spray Adhesives

INDUSTRIAL- strength

adhesion.

BOTTOM-LINE efficiency.

Three versatile spray adhesives from the leader in adhesive technology.

3M™ Series 20 Aerosol Spray Adhesives are designed for industrial applications where keeping component costs down is key to the competitiveness of your product lines. Developed by a company you've known and trusted for years, these convenient general-purpose sprays deliver nearly all the performance of premium adhesives in three versatile, economical products. They're ideal for a wide range of woodworking, manufacturing and construction applications.

- Self-contained, highly portable dispensers go right to the job site without expensive equipment to set-up and maintain
- Low soak-in formulas with greater heat resistance than competitive adhesives ensure end-product quality
- Long open times help reduce waste and keep assembly lines moving
- High-solid formulas ensure better coverage
- All products meet CARB/OTC VOC requirements

3M™ HD Woodworking 20 Spray Adhesive, P/N 74607

3M™ Foam & Fabric 24 Spray Adhesive, P/N 74606

3M™ Multi-Purpose 27 Spray Adhesive, P/N 74605*

* This is the most widely used spray adhesive, and it is a stock item. P/Ns 74606 & 74607 are non-stocks. Please call for delivery.

Finally, high quality performance meets ECONOMY.

3M™ HD Woodworking 20 Spray Adhesive is a high strength adhesive ideal for bonding laminates, veneers, and many other woodworking projects.

3M™ HD Woodworking 20 Spray Adhesive

High strength, fast-grabbing adhesive forms powerful, permanent bonds in woodworking and other applications.

- Fast grab
- Bonds laminates, metals, plastics and more
- Variable width lace spray pattern ensures precise placement

P/N 74607*

3M™ Foam & Fabric 24 Spray Adhesive is ideal for upholstery applications.

3M™ Foam & Fabric 24 Spray Adhesive

Fast-tack adhesive bonds foam to metal, wood and many other substrates—ideal for upholstery applications.

- Aggressive tack
- Foam-tearing strength
- Variable width lace spray pattern ensures precise placement

P/N 74606

3M™ Multi-Purpose 27 Spray Adhesive bonds a wide variety of lightweight materials, including fabrics, plastics, flexible foams, paper, cardboard and thin-gauge metals.

3M™ Multi-Purpose 27 Spray Adhesive

Extremely versatile adhesive is ideal for bonding paper, cardboard, fabrics, soft foams and many other lightweight materials.

- Fast tack
- Lightweight applications
- Mist spray pattern
