<i>Includes:</i>	
(1) Certi-Strip, Woven, 1" x 3", 16/unit	A 210-007
(1) Gauze Compress, 24" x 72", 1/unit	A 211-021
(1) Certi-Strip, Woven, 5/Fingertip 4/Knuckle, 9/unit	A 210-019
(1) Antiseptic Towelettes, 10/unit	A 213-038
(1) Eye Wash (20 ml), 2/unit	A 214-005
(1) Quick Relief® Powder, 1/unit	A 507-011

BLOODBORNE PATHOGEN KIT

- Meets and exceeds OSHA bloodborne pathogen standard
- Separate eye and mouth protection to maintain safety when giving CPR
- Unique scoop bag for safe, easy clean up

DESCRIPTION	PART
Bloodborne Pathogen Kit	A 85010
<i>Includes:</i>	
(1) CPRotector® with Nitrile Gloves	A 216-070
(1) Gown (full length, long sleeve) and Cap	A 216-084
(1) Eye Shield, Mask and Nitrile Gloves	A 216-078
(1) Absorbent Powder-99 2 oz., Scoop Bag with Handle Scraper, Nitrile Gloves	A 216-079
(1) Biohazard Bag, Antiseptic, Antimicrobial, Certi-Green Towelette	A 216-080

QUICK RELIEF® POWDER

Quick Relief® powder stops bleeding without relying on the body's natural clotting process and does not cauterize or burn the skin. It is not biologically derived, non-toxic, not metabolized, does not create allergic reactions, and will not react with other medications.

- Quick Relief® powder stops bleeding instantly
- Its unique components combine with blood to form an instant and flexible scab that seals the wound
- Protects against infection
- Allows the body's own mechanism to begin healing
- For skin lacerations and nosebleeds

Ingredients: Hydrophillic polymer and Potassium salt.

P/N 507-011

DESCRIPTION	PART
Quick Relief Powder	A 507-011

FIRE BLANKET

- Made of nomex/Kevlar® blend – a tough, soft, fire and heat resistant fabric
- More effective than fire retardant-treated wool blankets
 - Effectively takes the fuel away from the flame – absorbs liquids
 - No mess to clean up after
- Won't melt, drip, burn or support combustion in the air
- Affordable and lightweight
- Packed in a white polypropylene box

DESCRIPTION	PART
Fire Blanket – 36" x 60"	A 85015

FIRST AID KITS AND MISCELLANEOUS

EMERGENCY BURN STATION

- Unitized, refillable station allows for quicker access to product
- Mount with foam tape (included) and/or with screws
- Long lasting, heavy polystyrene station
- Dimensions: 16" x 16" x 4"

DESCRIPTION	PART
Emergency Burn Station	A 85011
<i>Includes:</i>	
(16) Adhesive Bandages, Plastic, 1" x 3"	A 210-006

CLEANSE A LENS STATION

- 10" H x 9" W x 4" D White Poly Case with Glow-in-the-dark Face
- Safe for all glass and poly-coated lenses
- Certi-Clear anti-fog, anti-static solution
- Non-treated lens cleaning tissues – 4.5" x 5"
- Neat attractive wall mount station with waste receptacle for used tissues
- Disposable and recyclable – non refillable

DESCRIPTION	PART
Cleanse A Lens Station	A K335-050
Anti-Fog Lens Cleaning Solution (8 oz. Spray)	A 335-020
Lens Cleaning Tissues (800/pkg)	A 335-022

PERSONAL PROTECTION

WELDING RESPIRATOR

- Features an added sorbent that helps filter out nuisance levels of ozone and organic vapors (less than the OSHA PEL)
- Can be used where welding fumes are present
- Exhalation valve reduces hot air build-up, keeping workers cool and comfortable
- Collapse-resistant polymesh shell has integral flame retardants for added protection
- Shaped for comfort with a contour-molded nose bridge
- NIOSH 42 CFR 84 certified to have filter efficiency of 95% against particulate aerosols free of oil

DESCRIPTION	PART
Welding Respirator	I 59012

PARTICULATE RESPIRATOR

- Features electrostatically charged microfibers infused into its construction, making breathing easier and cooler
- Designed to provide reliable protection against certain non-oil based particles
- Lightweight, high quality design
- Adjustable nose clip – secure seal
- Elastic straps keep respirator snug against the face
- NIOSH 42 CFR 84 classification of N95 (95% efficient, not resistant to oil)

DESCRIPTION	PART
Particulate Respirator	I 59014

NUISANCE MASK

- Lightweight, economical mask provides protection for nuisance dusts like alfalfa, pollen, sawdust and animal dander
- Contoured nosepiece and elastic headband holds mask comfortably without restricting visibility

DESCRIPTION	PART
Nuisance Mask	R 59010

INSECT REPELLENT

- Contains 25% DEET
- Repels mosquitos, chiggers, ticks, deer flies, stable flies, black flies, gnats and fleas on exposed skin surfaces
- Use just enough repellent to cover exposed skin and/or clothing
- Do not use under clothing
- Avoid over-exposure

DESCRIPTION	PART
Insect Repellent (6 oz.)	A 74705

INSECT REPELLING WRISTBANDS

- Repels mosquitoes, flies, gnats, and no-see-ums
- DEET Free
- Natural & Effective – Made with naturally derived geranoil
- Vapors from the wristband form a protective shield around the immediate area, keeping insects a safe distance away
- While many repellents are easily diluted or rinsed off with swimming or perspiration, the wristband just keeps working, up to 120 hours
- Packaged in a reusable plastic “pod” that can be sealed between uses
- Can be worn on belt loops, hatbands, fastened in tents, or applied to other areas
- Designed with a patented break-away strap – snaps if it becomes entangled
- Several wristbands can be strung together to create a longer band

DESCRIPTION	PART
Green	c 85085
Glow-in-the-dark	c 85086
Pink	c 85087
Red	c 85088
Yellow	c 85089
Blue	c 85090

PERSONAL PROTECTION

MECHANIX WEAR® PRO KNEE PADS

- 100% Kevlar®
- Heavy duty professional pad
- 3mm neoprene full coverage protection
- Multi-layered EVA foam pad conforms to knee
- Nylon web pull strap allows quick adjustment and positioning
- Upper / lower extra wide hook and loop for adjustability

DESCRIPTION	PART	
Mechanix Wear® Pro Knee Pads	A	162804

PONCHO

- Color: yellow
- Size: 52" x 80"
- Thickness: 10mm PVC film
- An economical way to stay dry in various weather conditions
- Comes in a handy tote pouch
- Snap closures at sides
- Attached hood
- One size fits all

DESCRIPTION	PART	
Poncho	B	59060

OVER-THE-HEAD EARMUFF

- This lightweight muff features very low profile ear cups that fit well with most helmets, eyewear and other safety equipment
- Comfortable earmuff in design and style
- Provides effective protection, especially against the high frequency noise associated with many work areas and functions including machine shops and power tools
- For loud noise levels up to 95 dba

DESCRIPTION	PART	
Over-The-Head Earmuff	A	59085

PUSH-TO-LISTEN EARMUFF

- With the touch of a button, hear coworkers more clearly
- No more lifting the cup or removing the muff to communicate with coworkers
- Comfortable earmuff in design and style
- Provides effective protection, especially against the high frequency noise associated with many work areas and functions including machine shops and power tools

DESCRIPTION	PART	
Push-To-Listen Earmuff	A	59086

EAR PLUGS

- Foam ear plugs do not require rolling prior to insertion, eliminating the possibility of hand-to-ear contamination
- Their pre-shaped design features a built-in flexible stem that makes insertion easy
- Clean with soap and water for reuse

DESCRIPTION	PART	
Corded Ear Plugs	L	59000
Uncorded Ear Plugs	L	59001

SAFETY EYEWEAR

SAFETY GOGGLES

- One-piece, impact-resistant polycarbonate toric lens provides superior optics and peripheral vision
- Ideal for chemical splash and impact protection
- Lens is 99.9% UV rated
- Durable polypropylene frame features a soft, flexible elastomer that conforms gently to most facial contours
- Indirect ventilation system minimizes fogging
- Quick-adjust headband easily clips onto hard hats
- Meets ANSI Z87.1-1989 and CSA Z94.3-1992 standards

DESCRIPTION	PART
Safety Goggles	A 59020

SPORT BLACK FRAME - SMOKE LENS

- New wraparound aerodynamic sporty styling
- Side tapered lens provides extra protection against sun and harmful objects
- Soft rubber nosepiece and temples
- Lens offers 99% UV protection
- Meets ANSI Z87.1 requirements

DESCRIPTION	PART
Sport Black Frame - Smoke Lens	A 59023

SPORT CLEAR FRAME - CLEAR LENS

- New wraparound aerodynamic sporty styling
- Side tapered lens provides extra protection against sun and harmful objects
- Soft rubber nosepiece and temples
- Lens offers 99% UV protection
- Meets ANSI Z87.1 requirements

DESCRIPTION	PART
Sport Clear Frame - Clear Lens	A 59024

PERFORATED SAFETY GOGGLES

- Multi-purpose ultra soft goggle with poly-carbonate lens
- Flexible vinyl frame provides an excellent facial fit
- Perforated to allow comfortable ventilation
- Meets ANSI Z87.1 requirements
- Black strap masks grease and grime

DESCRIPTION	PART
Perforated Safety Goggles	A 59021

BLACK FRAME - CLEAR LENS

- Fashionable, lightweight plastic frames
- Contemporary, panoramic, polycarbonate lens offer 99% UV protection
- Universal fit with 4-position adjustable temples
- Meets ANSI Z87.1 requirements

DESCRIPTION	PART
Black Frame - Clear Lens	A 59026

SPORT BLACK FRAME - SILVER MIRROR LENS

- New wraparound aerodynamic sporty styling
- Side tapered lens provides extra protection against sun and harmful objects
- Soft rubber nosepiece and temples
- Lens offers 99% UV protection
- Meets ANSI Z87.1 requirements

DESCRIPTION	PART
Sport Black Frame - Silver Mirror Lens	A 59025

OVER-PRESCRIPTION SAFETY EYEWEAR

- Provides an economical alternative
- Polycarbonate lens offers 99% UV protection
- Can be worn alone or over prescription glasses
- Meets ANSI Z87.1 requirements

DESCRIPTION	PART
Over-Prescription Safety Eyewear	A 59027

SAFETY EYEWEAR

ES4 - PEARL GRAY FRAME CLEAR LENS

Designed for all environments, the ES4 features an adjustable nosepiece, ultralight frame, and 100% visually correct lenses.

- Half frame
- Frame material: TR90
- 91% of light passes through
- CSA Approved
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
ES4 - Pearl Gray Frame/Clear Lens	A 59110

ES4 - CRYSTAL BLACK FRAME HD SILVER POLARIZED MIRROR LENS

Designed for all environments, the ES4 features an adjustable nosepiece, ultralight frame, and 100% visually correct lenses.

- Half frame
- Frame material: TR90
- 16% of light passes through
- High definition lens
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
ES4 - Crystal Black Frame/HD Silver Polarized Mirror Lens	A 59119

ES5 - CRYSTAL BROWN FRAME HD BROWN POLARIZED LENS

Designed for outdoor sports, the ES5 provides a polished style. The sleek framework provides substantial coverage for a variety of environments.

- Half frame
- Frame material: TR90
- 18% of light passes through
- High definition lens
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
ES5 - Crystal Brown Frame/HD Brown Polarized Lens	A 59122

ES5 - CRYSTAL BROWN FRAME HD BROWN FLASH MIRROR LENS

Filters blue light which can cause eye fatigue and cause a haze effect. Use in normal to bright outdoor use.

- Half frame
- Frame material: TR90
- 22% of light passes through
- High definition lens
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
ES5 - Crystal Brown Frame/HD Brown Flash Mirror Lens	A 59075

RPG - SHINY BLACK-PEARL RED FRAME SILVER MIRROR LENS

Similar to a smoke lens, but has the added mirror coating which filters more light, further reducing the glare. Ideal for bright outdoor conditions.

- Full frame
- Frame material: TR90
- 16% of light passes through
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
RPG - Shiny Black-Pearl Red Frame/Silver Mirror Lens	A 59077

RPG - MATTE BLACK FRAME HD BLUE POLARIZED LENS

Full Frame RPG fits a wide range of users and it is excellent in diverse environments. Diminishes glare. Good for outdoors.

- Full frame
- Frame material: TR90
- 18% of light passes through
- High definition lens
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
RPG - Matte Black Frame/HD Blue Polarized Lens	A 59117

SAFETY EYEWEAR

COBRA - MATTE BLACK FRAME RED MIRROR LENS

Colored mirrored surface over a smoke base lens diminishes glare by absorbing reflection across the mirror surface. Good for bright outdoor conditions.

- Half frame
- Frame Material: TR90
- 16% of light passes through
- Protection from UVA & UVB Rays
- 100% visually correct de-centered lenses
- 2.2 mm Panlite Brand polycarbonate lenses
- Meets ANSI Z87.1-2003 high impact standards

DESCRIPTION	PART
COBRA - Matte Black Frame/Red Mirror Lens	A 59078

COBRA - SHINY BLACK FRAME CLEAR LENS

Allows maximum light transmission without changing or distorting sight or colors. Suitable for indoor or low light conditions.

- Half frame

FLEX SIDE SHIELDS

Flex Side Shields turn regular glasses into safety glasses

- Conforms to ANSI Z87.1 standards
- They're soft and molded to bend with your glasses, but are still durable enough to absorb the energy from an impact
- Provides side protection that you don't normally get from your spectacles
- Made from flexible material
- Weaves through the arm of your glasses
- Folds with temple
- Blocks 100% of harmful UV rays

To apply, weave the arms of your glasses through the cuts in the side shield. They fit on a variety of spectacle sizes and styles. Flex Side Shields also allow your glasses to fold up correctly for proper storage.

MECHANIX WEAR® – THE ORIGINAL® INSULATED GLOVE

The brisk cold air makes even the simplest tasks more burdensome, so The Original® Insulated Glove was designed to lock in the warmth. A comfortable single layer of form-fitting fleece lines the entire glove, preserving warmth without sacrificing valuable dexterity.

The Original® Insulated Glove incorporates a durable water-resistant coating and a water-resistant liner in the palm to keep your hands dry. Top it off with a low-profile TPR closure for full range of motion and you have a critical cold weather tool.

FEATURES

- Form-fitting fleece lines the entire glove to preserve warmth
- Water-resistant coated fleece and liner keep hands dry
- Thermal Plastic Rubber (TPR) closure provides a secure fit to the wrist
- Machine washable

INTENDED USES

- Multipurpose cold weather
- Maintenance and repair
- Equipment operation

CERTIFICATIONS

- CE

INSULATED

Insulated and fleece lined top-of-hand for warmth and comfort.

WATER RESISTANT

Durable, water resistant coated fleece and liner keep hands dry.

GLOVES – MECHANIX WEAR® FINGERLESS

COMMERCIAL GRADE FRAMER GLOVES – PROTECTION, FLEXIBILITY & COMFORT

- Mechanix Wear has taken the real-world demands of framers, added the technology learned at the racetrack, and integrated the two into a single glove that will blow away anything you've come to expect from a framer's glove
- Combination of Genuine Leather and Clarino MWX-2 Synthetic Leather for improved durability
- Anatomically shaped padded palm for maximum movement and protection against abrasion and fatigue
- Fingerless index and middle finger to deliver the utmost sensitivity when handling nails or other small items

ANTI-SLIP TAPES – GLOW-IN-THE-DARK – 50 GRIT

The ultimate non-slip egress tape! Sudden power outages or natural disasters can increase the potential for panic, as well as the risk of injuries caused by slips and falls.

Safety grade glow-in-the-dark solution for marking stairs and corridors that are part of the emergency egress route. Offered in 60 ft. rolls.

Features and Benefits

- Manufactured with the same aggressive adhesive system as our other safety tape products
- Complies with all safety grade photoluminescent domestic and international standards
- It will adhere to most clean, dry, oil-free surfaces
- For use on painted wood, metal, sealed concrete and non-porous surfaces
- NFSI - National Flooring Safety Institute certified for "high traction"

ANTI-SLIP TAPES – COLORS – 46 / 50 / 60 GRIT

Anti-Slip Tape is the preferred product line when visual warning is required to mark potential slip and fall hazards. Developed with maximum visual warning characteristics in mind. We provide the best assortment of visual cues to meet your requirements. Anti-Slip Tape is offered in 60 ft. rolls and easy to apply sections.

Features and Benefits

- Durable high traction grit surface
- Easy to apply
- Aggressive adhesive system for product longevity
- Fuel, water and fluid resistant
- Reduce the risks of slips and falls
- Ensure worker safety on potentially hazardous surfaces
- Prevent costly injuries in the workplace due to slips and falls
- Reduce Worker's Compensation claims
- NFSA - National Flooring Safety Institute certified for "high traction"
- Exceeds OSHA standards for non-slip protection on walking surfaces

Applications

- Farm machinery
- Construction equipment
- Forklifts
- Cherry pickers
- Steps, stairs
- RVs
- Snowmobiles
- ATVs
- Garden tractors
- Lawn mowers
- Wet & oily areas
- Loading docks
- Cold storage
- Catwalks
- Platforms/ramps
- Ladders, step stools
- Scaffolds
- Airline decks
- Airline cargo holds
- Trains
- Semi-trailers
- Buses
- Ship decks
- Boats
- Conveyors
- Pulleys
- Food service areas
- Machine shops
- Auto repair shops
- Garages

ANTI-SLIP TAPES – LOW PROFILE

- Prevents slips and falls on slippery surfaces
- Abrasive grain coated plastic film with pressure sensitive adhesive
- Low profile helps prevent edge curl
- Abrasive grain – provides a consistent co-efficient of friction
- Conformability – installs over most irregular surfaces
- Easy installation – simply position, peel-off backing paper and apply to a clean, dry, oil-free surface
- Superior quality materials – assures long life, durability and resistance to heavy traffic, water and grease
- Meets or exceeds motor vehicle safety standard no. 302, mil-d-17951e (ships), and non-slip mil-w-5044c type iv

Surface Compatibility: Painted wood, painted metal, sealed concrete

Application Temperature: Apply when above 50°F

ANTI FATIGUE MAT - ALLEVIATES STRESS TO THE BACK AND LEGS

Anti-fatigue mats alleviate stress to the back and legs where people have to continually stand or walk, which in turn increases worker productivity. The non-slip surface means that the mat is ideal for use in wet or dry conditions to reduce slip hazards. The implementation of ergonomic concepts offers tremendous value to any company, and can be realized with the creation of comfortable, healthy and safe work environments. We know that standing workers are less fatigued while working, and feel less discomfort at the end of the day, if they stand on anti-fatigue mats. This has been proven time and time again.

- Outstanding Anti-fatigue qualities
- UV Stable
- Solid nitrile rubber top surface for excellent chemical resistance
- 100% nitrile rubber border remains flexible for the life of the mat and will not crack or curl.
- Textured nitrile rubber surface for superior slip resistance
- Welding safe
- Closed-cell nitrile/PVC cushion backing provides long lasting comfort
- Closed-cell cushion backing is permanently molded to the nitrile rubber surface, providing a comfortable long lasting mat.
- Thicknesses: 5/8"
- Available in black
- Certified slip-resistant by the National Floor Safety Institute.
- Recommended for use in work stations, assembly lines, shipping lines and other areas where workers stand for extended periods.

DESCRIPTION	PART
Anti-Fatigue Mat, 3' x 5'	A 28229

SHOWER IN A TOWEL - ONE TOWEL CLEANS THE WHOLE BODY

The most convenient way for you to get, and feel, clean when you don't have access to fresh water facilities. The towel's large 2' x 4' size makes it very easy to use, and it is durable enough to get the job done.

Conceived and designed by a US military serviceman who, while on a tour of duty, realized the need for a pre-moistened towel that was large enough, and durable enough, to provide a full-body cleaning.

Features

- Absorbs sweat and odor and dries instantly
- Fragrance-free
- Alcohol-free
- Portable and individually packaged
- Always conveniently fresh when you need it
- 2' x 4' size
- Made in the USA

Applications

- Military
- Emergency relief
- At home care
- Construction
- Shelters
- Fire and rescue
- Camping
- Outdoor sports
- Boating
- Medical
- Hunting/fishing
- Biking
- Trucking

DESCRIPTION	PART
Shower In A Towel (2' x 4')	A 85091

SHOP SUPPLIES

SAFETY FLARES – FOR LONG DISTANCE ILLUMINATION

- Provides long distance illumination for safety during emergency road-side situations
- Visible in fog, rain or snow
- Easy to ignite with self-contained striker
- 20 minute duration
- 36 flares in a case

DESCRIPTION	PART
20 Minute Non-Spike Safety Flares (Package Quantity: 36 Flares)	59080

EARLY WARNING TRIANGLE KIT – REFLECTIVE SAFETY WARNING

- Instant alert for oncoming motorists
- Visually alerts authorities quickly
- Meets US Federal Motor Vehicle Safety Standard No. 125 for Warning Devices
- Weighted base for stability
- Kit includes three (3) reflective triangles

Applications

- Emergency assistance
- Truck / Auto accidents
- Hazardous conditions

DESCRIPTION	PART
Early Warning Triangle Kit	A 59082

GLOW STICKS

- A dependable light source whenever and wherever you need it, light lasts for 12 hours
- Non-toxic / non-flammable / weatherproof
- Made with Cyalume® technology (10 ml fluid)
- To activate remove from foil wrapper, bend, snap and shake

DESCRIPTION	PART
6" Glow Sticks – 12 Hour	J 59081

SHOP SUPPLIES

ROUGH SERVICE LIGHT BULBS

Lasts longer under adverse operating conditions, 2000 to 4000 hours. Up to 4X longer than the average life of most rough service bulbs.

STANDARD

- Resists shock and vibration
- Brass base

TUFF SKIN COATED

- Provides safety from glass cuts, electric shock and burns when bulbs are broken
- Resists thermal shocks, precipitation, scratches and molten splatter
- No fragmentation of glass if accidentally broken

CORD CONNECT

- Provides a water-tight connection while locking cords together
- Protective "clamshell" housing is made of durable all-weather plastic
- Tapered ends ensure the cord connect pulls smoothly without getting caught
- Eliminates disruptive disconnects while working with extension cords or power tools
- Watertight gasket withstands jet nozzle sprays, drip box tests and prevents water from reaching the electrical connection
- Easy to handle design allows workers wearing heavy gloves to connect and disconnect easily
- UV protected

1. Open half, place cord inside, clip closed
2. Slip water-tight gasket on the male plug and plug cords together
3. Screw both halves together until plugs are securely pushed together

36" PORTABLE JOBSITE LIGHTING - WOBBLIGHT

Features

- Patented counter-weighted self-righting design!
- Floating shock system protects bulb from impact
- Low heat output, no hot surfaces
- High-impact thermoplastic housing and lens
- 400 watt metal halide work light
- Lumens: 40,000
- 360° lighting – Adjustable to 180° with optional reflector
- Plugs into 120VAC supply
- Convenience receptacle for connecting units in series

Applications

- Ideal for applications requiring temporary high-output lighting

Replacement/Optional Parts

- Bulb "400 watt" P/N 66346
- 180° reflector P/N 66347
- Body back panel P/N 66335
- Body front panel P/N 66336

27" PORTABLE JOBSITE LIGHTING - WOBBLIGHT JR.

Features

- Patented counter-weighted self-righting design!
- Floating shock system protects bulb from impact
- Energy efficient 85 watt compact fluorescent bulb
- Instant-on technology
- Lumens: 5,000
- Low heat output, no hot surfaces
- High-impact thermoplastic housing and lens
- 360° lighting – Adjustable to 180° with optional reflector
- Integrated 5-foot power cord

Applications

- Ideal for applications requiring temporary energy efficient lighting.

Replacement/Optional Parts

- CFL bulb, 85 watt P/N 66343
- 180° reflector P/N 66342

P/N 66344

LED LIGHTING SOLUTIONS

ADVANCED AREA LIGHTING SYSTEM

The Advanced Area Lighting System is bringing several dynamic products to the market, offering up to 56 hours of bright LED light.*

The product range starts with the compact single head beam (P/N 66301) that fits easily into confined spaces and extends to the four head beam (P/N 66307) which is capable of turning night into day. All units employ a silent, rechargeable sealed battery freeing you to work anywhere on or off the grid, no generator necessary. Each product is designed with

* Stated runtimes based on low power setting and consecutive head activation. High power and simultaneous head use will lower total runtime.

LED technology to provide a better quality of light, high reliability and low energy consumption.

The result is an energy efficient lighting solution with low long-term operating and maintenance costs.

MODEL P/N	LIGHT HEADS	RUNTIME* (PER HEAD/CONSECUTIVE)
66301	1	15
66302	1	15
66303	1	15
66304	1	10
66305	1	6
66306	2	14/28
66307	4	14/56
66308	3	N/A

PRODUCT HIGHLIGHTS

All contents stow inside a Pelican Protector Case™

Direct light where it is needed with fully articulating heads

Low battery warning system and waterproof activation switch.

3 mode waterproof switch with battery charge indicator

GREEN
60 – 100% capacity

AMBER
20 – 60% capacity

RED
0 – 20% capacity

Waterproof Rubber Activation Switch keeps out moisture and dirt

Variable Tension Angle Control lets light shine at any angle

Protective bezel isolates lens from frontal abrasion

Built in Carry Handle

Mast extends almost 3 feet (.8m) in height and rotates 360° spreading light wherever it is needed

Solid state high efficiency circuitry withstands rigorous industrial use

Gel Acid Battery ensures silent operation

Durable base absorbs impacts

Polycarbonate lens is lightweight and impact resistant

Maintenance free LED array with life expectancy of over 50,000 hours

Metal battery chassis distributes load to handle

LED LIGHTING SOLUTIONS

ADVANCED AREA LIGHTING SYSTEM – COMPACT SINGLE HEAD BEAMS

Wide Beam Lighting System, P/Ns 66301 and 66301YLW

- The perfect unit for hard to reach places and at 22 lbs., it is easily transported up stairs or ladders
- Its compact size and fully extendable mast with 360° rotating light head make tight spaces easily accessible
- Dual power outputs illuminate a second optional head making it adaptable and expandable
- Solid state high efficiency circuitry withstands rigorous industrial use day in and day out

Stealth Beam Lighting System, P/N 66302

- Enhances night vision optics to provide improved visibility in complete darkness

Spot Beam Lighting System, P/N 66303

- Produces a 10° tight beam spread that reaches hundreds of yards for effective search and rescue

WIDE BEAM - P/N 66301 P/N 66301YLW

- Wide 90° beam
- Large area coverage

STEALTH BEAM - P/N 66302

- Night vision compatible infrared 7° LED beam
- Low thermal signature

SPOT BEAM - P/N 66303

- Focused 10° beam
- 200 yard reach

ADVANCED AREA LIGHTING SYSTEM – SAFETY BEAM

Safety Beam Lighting System P/Ns 66304 • 66304GRN

- Battery powered safety approved LED remote area light
- Class I Division 2 approved
- Fills the demanding requirements of professionals working in hazardous locations
- Lightweight advanced battery technology
- Ultra-portable at just 17.6 lbs.
- 90° beam spread and a rotating head are ideal for lighting large areas
- High and low beam coupled with a low battery indicator aid in managing time and output needs with accuracy

LED LIGHTING SOLUTIONS

ADVANCED AREA LIGHTING SYSTEM – DUAL PORTABLE FLOODLIGHT STATION

Dual Portable Floodlight Station, P/Ns 66306 and 66306YWL

- Solid-state mounted LEDs coupled with a thermally efficient light engine and a Pelican Protector Case™
- Gives the user the ultimate maintenance-free portable floodlight station
- Get the job done efficiently, safely and on time
- A rugged Pelican Protector Case™ houses all its light heads and a multi-stage universal charger for total self-contained convenience
- Also equipped with a telescopic handle and rugged wheels for ease of transport

ADVANCED AREA LIGHTING SYSTEM – QUAD PORTABLE FLOODLIGHT STATION

Quad Portable Floodlight Station, P/Ns 66307 and 66307YWL

- Contains four heads that will illuminate 360°
- Uses solid-state mounted LEDs coupled with a thermally efficient light engine
- A rugged Pelican Protector Case™ houses all its light heads and a multi-stage universal charger for total self-contained convenience
- Equipped with a telescopic handle
- Rugged wheels for ease of transport

LED LIGHTING SOLUTIONS

ADVANCED AREA LIGHTING SYSTEM – TRIPOD 7' REMOTE AREA LIGHT

Tripod 7' Remote Area Light, P/Ns 66305 and 66305YLW

- The most innovative unit to date
- Fast to light up ravines, confined spaces, river banks... anyplace your apparatus can't go
- Deployed, the mast extends 7 feet high, shining light over low obstructions encountered by traditional lantern style lights
- A 120° beam spread
- Up to 2400 lumens brightness
- The entire emergency area will have the light you need for a safe and swift operation
- Maintenance free
- Uses super tough LED lamp modules and NiMH batteries
- Up to 14 hours of continuous light

Coming Soon!

- Safety approved version
- Class I Division 1 approved
- Same great features as P/N 66305 and P/N 66305YLW

ADVANCED AREA LIGHTING SYSTEM – SHELTER LIGHTING SYSTEM

Shelter Lighting System, P/N 66308

- The Shelter Lighting System provides soldiers with safe, secure and silent LED interior shelter lighting
- LED illuminated either red or white light
- The light output color (red or white) is selected via an inline switch
- Extremely rugged and is tested to a 3 meter concrete drop-test, offering survivability not found in fluorescent lighting
- Light heads are linked together and secured via hanging straps inside the temporary shelter/accommodation
- Each light head can be independently switched on or off
- The system is powered by the enclosed universal AC power supply

The Kit Contains:

- 3 UV stable LED light heads
- (3) 12 ft. connector cables
- Hanging straps
- Power supply
- Rugged Pelican Protector Case™

LED LIGHTING SOLUTIONS

66 LED MAGNETIC WORK LIGHT

- Dual Function / Spotlight – Floodlight
- 35,000 hour LED life
- 60 LED Floodlight / 6 LED Spotlight
- Bright white LEDs
- Impact and chemical resistant housing
- Rechargeable NiMH battery pack
- 8 hour charge time
- AC & DC adapters included
- Will stand upright on flat surface
- Dual position magnetic hook attaches to top or side

Features/Specifications

- Spotlight: 12 lumens
- Floodlight: 120 lumens
- Length: 14.25" (without hook)
- Weight: 9.5 oz. with battery
- Dual purpose magnet
- Run-time:
 - Spotlight 18 hours
 - Floodlight 4 hours
- 3 position rocker switch

120 LED UNDER-HOOD WORK LIGHT

- Under-hood illumination
- Interior illumination
- 120 premium LEDs
- 35,000 hour life
- Two light levels (full or half power)
- Use in the shop or roadside
- Use with or without the carrier

- Internal NiMH battery pack
- AC & DC chargers included
- Shop and car chargers included
- Chemical resistant housing
- Moisture and impact resistant
- Magnetic or hanger-hook mounting
- Spring loaded carrier extends 77"

DESCRIPTION	PART
LED Light (Safety Orange – Rechargeable)	A 66380

WATERPROOF LED FLASHLIGHT "WITH GLASS FILLED NYLON POLYMER HOUSING"

- CREE® LED technology
- 50,000 + hours LED life
- Waterproof: IP-X7 Rating
- 180 lumens
- Momentary or constant-on flashlight
- Sharp focused beam
- Aircraft-grade 6061-T6 aluminum tail-cap with type 3 hard anodized finish
- Non-slip grip

- Large textured tail-switch
- 1" handle diameter fits most scope/flashlight mounts
- 1.25" head diameter accepts 3rd party filters
- Impact & chemical resistant
- Removable pocket clip
- Available in Black, Yellow & Tan
- Two CR-123 lithium batteries included

P/N 66321BLA

- **Lumens:** 180
- **Run-time:** 3 hours
- **Beam distance:** 190 meters
- **Water rating:** IP-X7 waterproof
- **Drop rating:** 2 meters

- **Length:** 5.5"
- **Head diameter:** 1.25"
- **Handle diameter:** 1.035"
- **Weight:** 4.4 oz.

TECHNICIAN'S FLOODLIGHT

Features

- Over 300 lumens of brilliant white light with no hot spots or dark spots
- Strong, retractable hook allows you to hang it
- Dual rare-earth magnets, for fastening it to a work-space
- Removable belt clip
- Head tilts 180° and rotates 360°
- 6 AA rechargeable NiMH battery pack included, with smart recharger
- Run-time: High: 2 hours continuous, Low: 8 hours
- Battery condition indicator light
- Ergonomic light-weight, secure grip
- Includes a 12V charger and a 120V charger
- Flared base allows standing light on end
- Standard 1/4-20 threaded hole in base for tripod (not included)
- Length: 10-1/4" (26 cm)
- Weight: 1 lb (0.5 kg)

Applications

- Automotive
- Industrial
- HVAC repairmen
- IT maintenance
- Emergencies
- Power outages

THE BEST PROFESSIONAL LED WORK LIGHT!

RECHARGEABLE!

Details

Brightness: High: 300 emitter lumens
LOW: 75 emitter lumens

Color: Cool white

LED: Cree XP-G, 5 W

Material: High impact ABS, except hook, which is glass reinforced ABS

Head Adjustment: Tilt tension adjustment screw prevents head from flopping

Hook length: 3" (7.5 cm) when extended, retracts into body of floodlight

Hook diameter: 1" (2.5 cm)

Magnets: 2 co-planar, nickel-plated, neodymium rare-earth magnets

Charger: Smart switching charger, 120 VAC with standard "Type A", 2 prong plug

Recharge Time: About 6 hours

POCKET FLOODLIGHT™

Features

- Up to 10X brighter than ordinary penlights
- Pure cool white LED high performance light
- Lightweight & compact
- Clips easily and comfortably into any pocket
- Indestructible T6 Aluminum with Black Type II Anodized Body
- Water & dirt resistant
- Rugged tailcap switch – rated at 100,000 cycles

P/N 66341

Applications

- Designed for all technicians in a demanding shop
- For use in manufacturing or maintenance environments

Details

• **Brightness:** 120 lumens

• **Forward Current:** 400 mA

• **Battery Voltage:** Between 3.3 and 4.8 volts

• **Batteries:** 3 AAAA alkaline, *included*

• **Run-Time:** 2 hours to half brightness / 4 hours light w/ typical intermittent use

• **Reflector:** Custom design w/ bright center spot.
Orange peel (OP) surface for an even beam.

• **Switch Tailcap:** Click ON / Click OFF. Rubber cap seals out dirt and grit.

• **Water Resistant:** Threaded joints have rubber O-ring seals. Sealed tailcap switch.

• **Head Diameter:** 9/16" (14 mm)

• **Body Diameter:** 7/16" (10 mm)

CAUTION: Wear 100% UVA blocking safety glasses when using. Do not shine the light in anyone's eyes.

LED LIGHTING SOLUTIONS

MAGNETIC STICK LIGHT

- 7 super-bright LEDs - 75 lumens output
- Powerful magnet for flush, secure attachment
- Extra strong magnet in handle provides an extra hand as well as handy pick-up tool
- Has a pocket clip that moves 0°-180° to flood in light at every angle
- Produces a floodlight effect as well as directional
- Water resistant and rugged
- Runs more than 10 hours
- Uses 3 AAA batteries (included)
- Replacement batteries (P/N 29204)

POWERFUL!
POCKET-SIZED FLOODLIGHT

LED LIGHTING SOLUTIONS

EXTENDABLE MAGNETIC LED FLASHLIGHT

- Metal casing
- Weight: 3.5 ounces
- Magnet at light is for powerful retrieval
- Magnet on grip acts as a third hand
- 3 super-bright LEDs
- Extends from 6.5" to 21"
- Flexible shaft to access hard-to-reach places
- A pick-up tool and a flashlight
- Uses four LR44 1.5V batteries (included)
- Replacement batteries - 4 pack (P/N 29206)
- Utility holster with metal belt clip (P/N 70005)
- Magnetic inspection mirror (P/N 66349M)

P/N 66349

LIGHTED PICK-UP TOOLS

P/N 66324 - A SET OF 2 FLEXIBLE, LIGHTED PICK-UP TOOLS WITH DURABLE STORAGE CASE

Makes it fast and easy to find and retrieve the small object that always falls through your fingers! See and reach into awkward spaces where only the lighted pick-up tool can fit.

- The Blue Lighted Pick-up Tool is magnetic and works well when picking up metal objects.
- The Red Lighted Pick-up Tool is not magnetic and is great when a magnet would be a drawback.
- Both are flexible and made to fit into cramped spaces as well as reach around obstacles.
- Handy LED light with easy On/Off button.
- Approximately 24 inches long.
- Both tools use 3 LR-44 batteries (included). Reorder with P/N 29206 (4-pack).

SHOP WIPES (HIGH-POWERED VERSATILE CLEANER)

Designed for use in industrial and manufacturing settings, each towel is pre-moistened with a powerful cleaning formula capable of cleaning hard-working hands, as well as non-porous surfaces. Made from an abrasive, yet non-scratching fabric that helps lift away heavy deposits of grime and dirt off hands and surfaces as well as leaving behind a fresh citrus scent. Scrub surfaces with abrasive side of towel until the dirt is loosened, then use the smooth side to wipe surfaces clean and discard.

Features and Benefits

- 400 wipes per roll
- High powered multipurpose cleaner
- Effective against tar, paint, wax, grease, adhesives and ink
- Abrasive, yet non-scratching fabric aids in cleaning
- Natural oils and emollients, safe for hands & skin

CHEMICALS

SNOW & ICE MELTER

Red Lion™ Snow & Ice Melter granulars is a blend of 100% active ingredients (calcium chloride blend). This unique formula has the added benefit of all materials working together in a synergistic fashion to effectively melt snow and ice. Red Lion™ Snow & Ice Melter can be used on asphalt, concrete, granite, tile, brick, bluestone, natural flagging, pavers and pave stone.

Features

- **Pink color** to improve smooth and consistent coverage, especially during low visibility conditions
- Will not harm lawns, trees, or shrubs when used as directed
- Contains dust control and anti-caking agents
- Melts to -25°F
- Does not contain any rock salt
- Easy to apply by hand or spreader
- Safe for use in the State of California

Used by professionals for

- Commercial buildings • Residential buildings • Campuses
- Hospitals • Municipal buildings • Businesses

Applications

- Parking lots • Driveways • Sidewalks • Steps • Porches • Patios

CHEMICALS

ECO-FRIENDLY CHEMICALS – CLEANERS

These Red Lion[™] Eco-Friendly "Green" Chemicals meet Green Seal[™] Environmental Standards for industrial and institutional cleaners and floor-care products.

In our continuing effort to offer the most environmentally preferable and effective products, we would like to introduce our Red Lion[™] Eco-Friendly "Green" line of chemicals.

The products are designed to meet "Green Product" industry criteria. The standards encompass environmental impact, health effects as well as product performance. They are Environmentally Preferable Products that are formulated to perform well yet have no harmful effects on our environment or to the person using the product. We are proud to announce that Eco-Friendly Multi-Purpose Cleaner, Eco-Friendly Glass Cleaner, Eco-Friendly Tub & Tile Cleaner, Eco-Friendly Peroxide Cleaner, Eco-Friendly Zinc-Free Seal & Finish and Eco-Friendly Floor Stripper all meet specific Green Seal[™] Environmental Standards.

There are laws already in place or are pending that will require the use of environmentally sensitive products in N.Y. State Buildings, N.Y.C. Municipal Buildings and all schools in N.Y. State. Although New York has taken the lead in this area, other states are sure to follow.

Perfect for use in schools, office buildings, apartment buildings, hospitals, nursing homes and other institutions where environmentally preferred products are desired.

Eco-Friendly Multi-Purpose Cleaner

A highly concentrated, multi-purpose cleaner formulated to be a H.D. Cleaner, Spray and Wipe Cleaner and a Neutral Floor Cleaner depending upon dilution. This product meets the requirements of the GS-37 Green Seal[™] Standard. Provides top-tier performance for cleaning floors, walls, chrome, stainless steel, table tops, vinyl, sealed wood and many other surfaces not harmed by water.

- **Spray/wipe Cleaner:** 1:128 dilution
1 gallon dilutes with water to make up to 512 quart bottles
- **Heavy-duty Cleaner/Degreaser:** 1:32 dilution
1 gallon dilutes with water to make up to 128 quart bottles
- **Neutral Floor Cleaner:** 1:256 dilution
Low suds, so it's great for auto-scrubbers as well as mop buckets.

P/N 74067 (1 gal. Container)
P/N 74068 (5 gal. Pail)
P/N 74069 (55 gal. Drum)

.....

Eco-Friendly Glass & Window Cleaner

A highly concentrated, glass, window and multi-purpose cleaner. It is designed to meet the requirements of GS-37, the Green Seal[™] Standard for Glass Cleaner. Eco-Friendly Glass & Window Cleaner has been formulated with completely biodegradable surfactants and other naturally derived ingredients. This non-toxic glass, window and multi-purpose cleaner provides top-tier performance. It is alcohol-free, ammonia-free, non-streaking and fast drying.

- **Glass & Window Cleaner:** 1:64 dilution
1 gallon dilutes with water to make 256 quart bottles

CHEMICALS

ECO-FRIENDLY CHEMICALS – CLEANERS

These Red Lion™ Eco-Friendly "Green" Chemicals meet Green Seal™ Environmental Standards for industrial and institutional cleaners and floor-care products.

Eco-Friendly Tub & Tile Cleaner

A highly concentrated, non-corrosive, non-fuming, tub & tile cleaner. This product meets the requirements of the GS-37 Green Seal™ Standard. It is formulated with a low pH organic salt capable of replacing a wide range of traditional acids. Provides top-tier performance for cleaning tubs, tile, grout, walls, toilet bowls, urinals, shower stalls and other bathroom surfaces.

P/N 74073 (1 gal. Container)

P/N 74074 (5 gal. Pail)

P/N 74075 (55 gal. Drum)

.....

Eco-Friendly Peroxide Cleaner

A highly concentrated, multi-purpose cleaner providing top-tier performance as a Glass Cleaner, Multi-Purpose Cleaner and a Restroom Cleaner depending upon dilution. Eco-Friendly Peroxide Cleaner meets the requirements of the GS-37 Green Seal™ Standard. It has a pleasant orange scent.

- **Spray/Wipe Cleaner:** 1:128 dilution • 1 gallon dilutes with water to make up to 512 quart bottles
- **Multi-purpose Cleaner:** 1:64 dilution • 1 gallon dilutes with water to make up to 256 quart bottles
- **Restroom Cleaner:** 1:16 dilution • 1 gallon dilutes with water to make 64 quart bottles

P/N 74076 (1 gal. Container)

.....

Eco-Friendly Floor Stripper

A concentrated, highly effective, fast acting, low odor, floor finish and wax remover – environmentally benign but still strong enough to remove floor finishes and wax seals without the use of a floor machine. Eco-Friendly Floor Stripper meets the GS-40 Green Seal™ Standard for Floor Stripper, based on its reduced human and aquatic toxicity and reduced smog production potential. Using state-of-the-art chemistry, it provides top-tier performance without the potentially harmful effects of 2-butoxyethanol, ammonia, nonylphenol surfactants, dye or fragrance. A highly effective fast acting product with low odor.

P/N 74080 (1 gal. Container)

P/N 74081 (5 gal. Pail)

P/N 74082 (55 gal. Drum)

.....

Eco-Friendly Zinc-Free Seal & Finish

A highly effective, low V.O.C., zinc free floor seal and finish. Eco-Friendly Zinc-Free Seal & Finish represents a new generation of floor care products. It exhibits a deep, wet-look gloss and it can be incorporated into any floor maintenance program. It meets the GS-40 Green Seal™ Standard for Floor Finish. Eco-Friendly Zinc-Free Seal & Finish contains no heavy metals, formaldehyde, ammonia or nonylphenol surfactants. High levels of zinc have been found to be toxic to aquatic life.

P/N 74077 (1 gal. Container)

P/N 74078 (5 gal. Pail)

P/N 74079 (55 gal. Drum)

CHEMICALS

ECO-FRIENDLY CHEMICALS – DISPENSING EQUIPMENT FOR CLEANERS

Red Lion™ Blend Mate Wall Dispensers

Directions For Use

1. Hang cabinet on wall using mounting screws provided, making sure water hose will reach water source.
2. Connect black 6' water hose to upper right side of dispenser cabinet and water source.
3. Using key(s) provided, unlock cabinet.
4. Remove cap from gallon bottle of concentrate and place inside dispenser cabinet, inserting draw tube into bottle.
5. Close and lock cabinet.
6. Following direction label on front of dispenser, turn toggle switch to desired dilution strength. Insert clear plastic fill tube into spray bottle or mop bucket and push appropriate button to activate flow.

Use Blend Mate Wall Dispensers and 32 oz. Spray Bottles With The Following:

Eco-Friendly Multi-Purpose Cleaner
Meets the requirements of the GS-37 Green Seal™ Standard. Provides top-tier performance for cleaning floors, walls, chrome, stainless steel, table tops, vinyl, sealed wood and many other surfaces not harmed by water.

P/N 74067 (1 gal. Container)

Eco-Friendly Glass & Window Cleaner
Designed to meet the requirements of GS-37, the Green Seal™ Standard for Glass Cleaner. Eco-Friendly Glass & Window Cleaner has been formulated with completely biodegradable surfactants and other naturally derived ingredients. This non-toxic glass, window and multi-purpose cleaner provides top-tier performance. It is alcohol-free, ammonia-free, non-streaking and fast drying.

P/N 74070 (1 gal. Container)

Eco-Friendly Tub & Tile Cleaner
A highly concentrated, non-corrosive, non-fuming, tub & tile cleaner. This product meets the requirements of the GS-37 Green Seal™ Standard. It is formulated with a low pH organic salt capable of replacing a wide range of traditional acids. Provides top-tier performance for cleaning tubs, tile, grout, walls, toilet bowls, urinals, shower stalls and other bathroom surfaces.

P/N 74073 (1 gal. Container)

Eco-Friendly Peroxide Cleaner
A highly concentrated, multi-purpose cleaner providing top-tier performance as a Glass Cleaner, Multi-Purpose Cleaner and a Restroom Cleaner depending upon dilution. Eco-Friendly Peroxide Cleaner meets the requirements of the GS-37 Green Seal™ Standard. It has a pleasant orange scent.

P/N 74076 (1 gal. Container)

CHEMICALS

ECO-FRIENDLY CHEMICALS – DISPENSING EQUIPMENT FOR CLEANERS

Red Lion™ Blend Mate Wall Dispensers

A mounted dispenser for automatic dilution/metering of Eco-Friendly cleaners into secondary containers (32 oz. bottle or bucket fill) in ready to use form.

P/N 1822 – Peroxide Cleaner Wall Dispenser

P/N 1824 – Multi-Purpose Cleaner Wall Dispenser

P/N 1826 – Glass & Window Cleaner Wall Dispenser

P/N 1828 – Tub & Tile Cleaner Wall Dispenser

Uses

Convenient wall mount in janitors closets, housekeeping/maintenance rooms, etc.

Features

- Gray high density plastic cabinet
- Installation Materials Included:
Mounting hardware, water inlet hose, 2 locking keys, appropriate metering tips installed by the factory according to product used.
- Cabinet Size:
22" high x 6-1/2" wide x 7-3/4" deep. Up to 4 cabinets can be linked together with a single cold water source.

Available Types

Eco-Friendly Glass & Window Cleaner:

- 1 button
- 32 oz. bottle
- pre-set dilution

Eco-Friendly Multi Purpose Cleaner:

- 2 button
- 32 oz. bottle & bucket fill
- 3 dilution selector

Eco-Friendly Tub & Tile Cleaner:

- 2 button
- 32 oz. bottle & bucket fill
- 3 dilution selector

Eco-Friendly Peroxide Cleaner:

- 2 button
- 32 oz. bottle & bucket fill
- 2 dilution selector

CHEMICALS

ECO-FRIENDLY CHEMICALS - CLEANERS/DEGREASERS

Red Lion™ Safe-T-Line™ products are less hazardous to the user and less damaging to the environment, while still providing all the quality and performance essential for those tough, demanding industrial applications. They are safer for the user and the environment because it does not contain harmful CFC's, chlorinated solvents, toluene or butyl. It is extremely low in V.O.C.'s and carries a level 1 NFPA 30B fire code rating (the safest storage rating for aerosol products).

NO CFCs (Chlorofluorocarbons) – Chemicals linked to ozone depletion.

NO Chlorinated Solvents – Also linked to ozone depletion. Certain chlorinated solvents are suspected carcinogens.

NO Perchloroethylene, Toluene or Butyl – Suspected carcinogens.

OZONE-SAFE Propellant – Propellant has no harmful effect on ozone.

LOW VOC's (Volatile Organic Compounds) – Carbon-containing (organic) compounds created from sources such as automobile exhaust, power plants, paints, etc. VOC's can form ground level ozone, a major component of smog.

NFPA 30B Level 1 Fire Code Rating – The National Fire Protection Association's best rating for the safe storage of aerosols.

Engine Degreaser (High pressure spray, water rinsing)

P/N 74183 – 15 oz.

This natural citrus cleaner/degreaser is a powerful engine degreasing formula. It cleans and degreases oil, dirt, grease, tar and adhesives.

Features:

- Superior formulation cuts through stubborn grease and oil
- High pressure spray
- Water rinsing
- Non-chlorinated
- Easy to use

Applications:

- For use on automotive engines, aluminum, stainless steel, tire whitewalls and garage floors

H.D. Citrus Cleaner/Degreaser (Powerful citrus base, biodegradable cleaner)

P/N 74145 – 18 oz.

H.D. Citrus Cleaner is a highly concentrated cleaner and degreaser with its powerful foaming action actually lifts dirt and grease off surfaces so it can be easily wiped clean with a cloth.

Features:

- Natural citrus solvent
- Powerful foaming action
- Removes grease, oil and dirt from most surfaces
- Deodorizes with fresh citrus scent
- Biodegradable

Applications:

- For use on porcelain, formica, tiles, enamel surfaces, vinyl tops, floor mats, sinks, tubs, appliances, tools and equipment, oil and tar stains, printing presses and white wall tires

CHEMICALS

ECO-FRIENDLY CHEMICALS – LUBRICANT

Red Lion™ Eco-Friendly Cutting Oil "Green Aerosol" is toxin-free, petroleum distillate-free, VOC compliant, and contains no ozone depleters. Manufactured from environmentally safe, naturally derived materials and packaged in recyclable containers that are made from partially recycled steel.

What are bio-enzymatic products?

Many cleaners and industrial products contain toxins and chemicals which can cause harmful effects on the environment and human health.

Bio-enzymatic products contain strains of safe, naturally occurring bacteria and enzymes that are very efficient at breaking down and digesting organic materials and eliminating soil and odor, and do not create pollution. Instead of using man-made chemicals that use energy to produce and deplete natural resources, to clean and deodorize, Chromate uses nature's approach.

What are renewable resources products?

These products are formulated from ingredients derived from renewable agricultural sources, including citrus and soy, and are excellent alternatives to products made from traditional petroleum-based or synthetic components.

Renewable resource ingredients are constantly replenished by nature and help promote sound environmental stewardship since they don't harm the environment or expose the user to dangerous chemicals.

What are the benefits of using aerosols?

Aerosols can produce results unavailable from any other application method by controlling the particle's size, spray pattern, volume and concentration. This combination ensures that the proper amount and concentration of the product is delivered exactly where it's needed.

Additionally, aerosols are packed in sealed containers, making them spill-proof, unlike liquid products. They reduce waste because precise amounts of the product are delivered to an exact area. You can aim and spray exactly where you want to, with maximum effectiveness. Products stay fresh because no air can get in the can, giving them a long shelf-life.

Eco-Friendly Cutting Oil

A multi-purpose, low odor cutting oil formulated from all natural ingredients for light-to-medium duty applications. Keeps work pieces cooler and generates less smoke than petroleum-based cutting oils.

Suitable For:

- Cutting, Tapping, Threading, Sawing, Grinding

Features:

- Reduces heat distortion and tool burning, resulting in increased productivity
- Readily biodegrades
- Non-staining on all metals
- Specially designed for field and portable operations

P/N 74084 – Net wt. 11 oz.

CHEMICALS

ECO-FRIENDLY CHEMICALS – BIO-LUBE "LUBRICANT/PENETRANT"

A high performance penetrant and lubricating oil for general purpose use. Formulated with the best optimized USA-grown natural seed oils and select additives, it surpasses the lubricity and performance of conventional lubricants. Loosens rusty bolts, quiets squeaky hinges and moving parts. For general purpose cutting, grinding and drilling metals, milling, tapping, and reaming.

Features

- Multipurpose lubricant and penetrant
- Loosens rusty bolts
- Quiets squeaky hinges and moving parts
- Deters water and protects from rust and corrosion
- General purpose cutting, grinding and drilling metals, milling, tapping, and reaming

Benefits

- Made from renewable USA-grown crop-based vegetable oils, better for your health
- Biobased
- Biodegradable
- Reduces foreign oil dependence
- Multiple applications – Reduces product inventory
- Superior lubricity improves productivity
- Cooler operating and less smoke – Higher operating speeds
- Safe for all metals
- Will help your business comply with ISO-14000
- Does not contain chlorine
- High flash and fire points

CHEMICALS

PAINTS AND COATINGS

P/N 74190 – Red
P/N 74194 – Yellow
P/N 74196 – Green
(All OSHA Paints 15.25 oz.)

OSHA Color Industrial Enamel Paints

(Extremely tough, corrosion resistant, fast drying, acrylic enamel paints)

Provide maximum coverage for marking and color coding pipe lines, electrical equipment, safety equipment, emergency equipment, conduit, tools, motors, ducting and sheet metal. The tough protective coating resists corrosion, chipping and peeling and our unique SprayPro™ nozzle makes application easy in both horizontal and vertical positions.

Features:

- One coat coverage
- Protects against rust and corrosion
- Use on metal and wood
- Leaves a durable, protective finish
- Dries fast
- SprayPro™ nozzle

Color Coding Applications:

Even though the Occupational Safety and Health Administration (OSHA) has eliminated the specific color definitions and detailed requirements for Safety Color Coding, the following suggested color scheme has been utilized and accepted throughout the industry. The marking of physical hazards should never take the place of eliminating those hazards when possible, and proper employee training in the recognition of these colors and their respective warnings is imperative.

- **RED** is used to mark fire protection equipment such as alarm boxes, extinguishers, fire blankets and doors, hose connections, hydrants and sprinkler piping. It can also be used on emergency stop bars on hazardous machinery or stop buttons and electrical switches.
- **YELLOW** is used to color code dangerous materials such as flammable liquids, poisonous gases, corrosive liquids (acids and alkalis) and steam, water or air at high temperatures and/or pressures. It can also be used to highlight handrails.
- **GREEN** is used to color code relatively safe materials such as drinking water, service water, brine, syrups or glycols. It can also be used to mark the location of First Aid equipment such as kits, dispensary, stretchers and safety showers.

CHEMICALS

STRIPING AND MARKING PAINTS

(Dependable performance in a wide range of marking applications)

These Striping and Marking Paints are formulated to address today's environmental concerns while providing efficient and dependable performance in a wide range of marking applications. From utilities and construction to recreational and maintenance applications, we offer a striping product suited to your needs.

- **GOLF COURSE MARKER** – a **16 oz.** water-base marker for use on golf courses and other porous applications. Formulated not to harm grass, this marker is not water-soluble and will not wash away during rain or irrigation. This marker comes with the "Converta-Cap", a specially designed protective cover that does not need to be removed before using.
- **ATHLETIC FIELD MARKER** – A specially formulated **20 oz.** water-base paint that will not harm grass and is not water soluble for maximum durability.
- **INVERTED TIP MARKER** – A heavy-duty, **20-oz.** water-base industrial marker. The no-clog, fast drying formula is available in a full range of construction and APWA colors. This marker also comes with the "Converta-Cap". This provides the user with a convenient marking tool without the worry of accidentally spraying. The new spray tip provides crisp lines up to 4" wide and approximately 250 feet in length.
- **TRAFFIC MARKER** – A **20-oz.** water-base paint formulated with high pigment solids ideally suited for a wide range of applications including concrete, blacktop, gravel or dirt. Not affected by water.

Applications:

ATHLETIC MARKER PRODUCTS

For grass and turf applications

- Recreational school fields
- Rental yards
- Golf courses
- Nurseries
- Paving contractors
- Landscaping
- Home landscaping layouts

TRAFFIC MARKER PRODUCTS

For asphalt and concrete applications

- School Parking Lots and Playgrounds
- Apartment complexes
- Churches
- Rental yards
- Golf courses
- Paving contractors
- Water/Sewer lines
- Hotels
- Public works municipal projects

For applicator tools, see next page.

GOLF COURSE MARKER

P/N 74064 – Yellow
P/N 74065 – Red
P/N 74066 – Handicap Blue

CHEMICALS

STRIPING AND MARKING PAINTS - APPLICATORS

Traffic Marking Machine

P/N 1810

Designed exclusively for Traffic Striping Marker Paints. Applies clean, crisp even stripes or marks from 2" to 4". Use on porous surfaces ranging from asphalt to concrete.

.....

Marking Wand

P/N 1812

Easy loading. Machine is ready to use and requires no accessories. 33" overall extension and light touch makes marking simple and accurate. Nickel zinc plating makes it durable and corrosion resistant. Great for golf courses, utilities, surveyors, contractors and more.

Athletic Marking Machine

P/N 1811

Designed with larger wheels and to be used exclusively with Athletic Field Striping Paints only. Ready to use and requires no accessories. Allows applications of lines up to 2" to 4" on athletic fields or other turf surfaces.

.....

Traffic Marking Applicator

P/N 1809

Designed for heavy-duty paint application where a wider stripe is required. For use on concrete, asphalt and athletic fields. Easy loading, with light touch control that makes marking simple and accurate.

Use with all 20 oz. Traffic or Athletic Marker Paints only.

CHEMICALS

PAINTS AND COATINGS

Non-Conductive Paint (Maintains Non-conductivity Coating Integrity)

P/N 74029 – 16 oz.

Features:

- Glossy white
- Single coat hiding power
- Resists:
 - Fading
 - Chipping
 - Peeling
 - Cracking
 - Corrosion
- High opacity
- Great durability
- Lead-free formulation

Applications:

- Bucket trucks
- Buckets
- Utility bodies
- Utility contractors
- Power companies
- Fire departments
- Scaffolding coating
- Tops of ladders & hooks
- Power boxes

Rust-Away II Rust Converter (Converts rust to a tough protective coating)

P/N 74701 – 15 oz.

Features:

- Specially formulated to convert rusted metal surfaces to a tough, black protective coating.
- No priming or sanding and won't crack, chip or peel
- Forms an airtight protective seal
- Stops rust dead in its tracks
- Weather and chemical resistant
- Paintable

Applications:

- Protects transformers, coils, tools, fixtures, brackets, equipment, heavy machinery, chain link fences and hundreds of other applications.

Rust-Away™ Rust Conversion Coating (Flexible latex coating – chemically converts rust)

P/N 74157 – 32 oz.

P/N 74555 – 1 gal.

Features:

- Chemically converts rust to a long lasting weather and chemical resistant coating
- This water-based formulation is easily applied like paint and stops rust dead in its tracks
- The flexible latex acrylic coating is specially formulated for rusted metal surfaces
- No priming or sanding and won't crack, chip or peel
- Forms an airtight seal
- Flexible latex coating lasts for years

Applications:

- Protects transformers, coils, tools, fixtures, brackets, equipment, heavy machinery, chain link fences and hundreds of other applications.
- Bonds to metal, wood, concrete and plastics without primers.

SPILL CONTAINMENT

SORBENT PADS, ROLLS AND BOOM

Fine Fiber Meltblown Pads and Rolls

- Top and bottom layers of fine fiber are built of densely-woven, small-diameter strands of fiber to increase surface area, enabling the mat to grip the floor and secure it for safe walking
- A 3-ply construction with a layer of melt blown polypropylene ultrasonically sandwiched between two fine fiber layers makes this mat virtually indestructible to foot traffic
- Polypropylene fibers creates a high-loft inner layer

Part No.	Description	Size	Sorbent Capacity	Packaging	Weight
28310*	Medium Weight Pads, Gray	15" x 19"	21 Gallons	100/Box	13 lbs.
28311	Double Weight Roll, Gray	30" x 150'	50 Gallons	1 Roll	29 lbs.
28312	Single Weight Roll, Gray	30" x 300'	50 Gallons	1 Roll	30 lbs.

Bonded Meltblown Pads and Rolls – For Oil-Only

- Twin bonded layers of melt blown polypropylene creates high surface area
- The mat sucks up liquid quickly and keeps its shape when fully saturated
- Twin layered random assembly of large diameter melt blown polypropylene fibers creates a high loft inner layer
- Ultrasonic weld points fuse the layers of melt blown polypropylene fibers together

Part No.	Description	Size	Sorbent Capacity	Packaging	Weight
28313	Double Weight Pads, White	15" x 19"	30 Gallons/Bale	100/Bale	15 lbs.
28314	Double Weight Roll, White	30" x 150'	56 Gallons/Roll	1 Roll	29 lbs.
28315	Single Weight Roll, White	30" x 300'	59 Gallons/Roll	1 Roll	30 lbs.

Standard Meltblown Pads – For Oil-Only

- Loose stacked-weave construction increases surface area on spill
- Starts absorbing on contact
- Fibers are left in their natural hydrophobic state
- Hydrophobic fibers repel water (and float) while only absorbing oils and other hydrocarbons

Part No.	Description	Size	Sorbent Capacity	Packaging	Weight
28316*	Double Weight Pads, White	15" x 19"	34 Gallons/Bale	100/Bale	15 lbs.
28317*	Medium Weight Pads, White	15" x 19"	27 Gallons/Bale	100/Bale	12 lbs.
28318	Single Weight Pads, White	15" x 19"	36 Gallons/Bale	200/Bale	16 lbs.

Booms – For Oil-Only

- Strong mesh outer skin encases a poly sock sleeve filled with highly sorbent polypropylene
- Filler won't shed and booms won't sink, even when saturated with oil
- Built in connectors link booms together

Part No.	Description	Size	Sorbent Capacity	Packaging	Weight
28319	Lint-Free Absorbent Boom, White	5" x 10'	35 Gallons/Bale	4 Booms/Bale	24 lbs.

* Stock item. For all other part numbers, please allow up to 10 days after receipt of order for delivery.

Part No.	Description	Cabinet Size	Capacity	Weight
28360	Storage Cabinet (Manual Close) – 3 Shelf	43" L x 18" W x 44" H	40 Gallons	281 lbs.
28361	Storage Cabinet (Manual Close) – 5 Shelf	43" L x 18" W x 65" H	60 Gallons	389 lbs.

Grounding Wires for Storage Cabinets

- These wires provide maximum protection against any static electricity or sparks that may cause ignition of fuels, paints or inks
- Helps comply with Uniform Fire Code, Division VIII, Section 79.803
- Used to prevent sparking around flammable or combustible liquids, when used in combination with safety cabinets

Part No.	Description	Length	Weight
28368	Bonding Wires, Silver	3'	1 lb.

* Stock item. For all other part numbers, please allow up to 10 days after receipt of order for delivery.

SPILL CONTAINMENT

SPECIALTY SPILL ABSORBENTS

Track Mat – Oil Only Railroad Containment Absorbent

- For preventing or controlling oil spills, leaks and drips
- 3-ply construction includes an oil only polypropylene core, surrounded by an impenetrable barrier film that prevents absorbed liquids from leaching out
- Has a UV resistant cover-stock, providing an outdoor life of 12 to 18 months
- Capable of absorbing nearly 3 gallons of oil or other petroleum products per square yard
- Originally designed for use between and on the outside of RR tracks
- Used by transportation companies, utilities, refineries, and steel mills

Part No.	Description	Size	Packaging
28226	Track Mat Inner Roll	59" W x 100' L	1
28227	Track Mat Outer Roll	19" W x 100' L	2

CAUTION: Cannot be used to absorb Hydrofluoric Acid (HF).

Chromagic – Universal Spill Absorbent

- One absorbent for multiple types of spills
- Non-toxic & Non-flammable
- Environmentally safe and friendly
- 15 times more absorbent than clay based products
- Lightweight – Up to 20 times lighter than clay based products
- Will save money on shipping, storing and disposal
- Instant clean up saves time
- Meets or exceeds all OSHA and EPA requirements
- Unlike kitty litter products that contain "Crystalline" Silica, Chromagic does not, under OSHA standards, qualify as a carcinogen, or as a substance causing silicosis, a lung disease
- Less accidents, It picks up oily sheen – Reduce Workers' Compensation
- One pound of Chromagic can completely absorb one quart of motor oil; clay, earth, and sand products require 15 pounds of material
- Works on all animal, vegetable, mineral, petroleum based or semi-liquid spills
- Non-injurious to most surfaces including cement, asphalt, tile, and carpet

Part No.	Description	Size	Packaging
28234	Chromagic Spill Absorbent	0.15 cu. ft.	2

Quik-Zorb™ Spill Absorbent

P/N 74189 – 16 oz.

Features:

- Instantly "gels" all water-based chemical spills
- Instantly "gels" human and animal bodily fluids; including blood, urine and vomit
- Turns liquid biohazards into sweepable, flushable gel / Biodegradable – can be flushed
- Works on hard surfaces and carpet
- Absorbs over 100 times its weight, allowing quick and easy cleanup of spills
- Deodorizes with a fresh mint odor counteractant fragrance
- USDA approved
- V.O.C. compliant – contains no VOC's or ozone depleting chemicals

Applications:

- Industrial plants • Processing plants • Plumbing contractors • hospitals • Nursing homes
- Day care centers • Athletic clubs • Schools/Offices • School buses • Laboratories • Restaurants
- Shopping centers • Taverns • Airlines • Cruise liners • Public transportation • Ambulance services
- Taxi cabs/Watercraft • Pet stores • Kennels • Veterinarians • Jail cells • Waste haulers

SPILL CONTAINMENT

ONE-PIECE SECONDARY CONTAINMENT BERMS

Snap Up Berms, Ground Tarps and Track Belts

- One-piece secondary containment berm is easily deployed and set up by one or more people
- Deploys in minutes
- Drive in and use
- Snap-up leg supports; manufactured using high tensile patented, unbreakable, non-sparking co-polymer rods
- Leg supports snap into place creating strong dependable side walls
- Leg supports are permanently attached to containment berm

Features

- No difficult assembly
- No air needed
- Stores in a compact shippable size
- Resistant to corrosive solvents
- Long lasting
- Heavy durable fully fuel resistant to all EPA regulations for secondary containment
- High level UV standards

Ground Tarp

- 30 mils minimum reinforced fabric
- High abrasion resistance
- Puncture resistant
- Specially designed to be driven over
- Adds protection from rough sub grades
- Allows the berm systems to be deployed in almost any terrain

Track Belts

- Gives added protection for tire tracks onto and over containment berms and other areas in need of protection
- Heavy duty vinyl coated polyester core
- Rolls out ready to use

Part No.	Description	Liquid Capacity	For Size
9-STC-1010-12	Berm	750 Gallons	10' x 10' x 12"

MISCELLANEOUS – PNEUMATICS/COMPRESSED AIR

QUICK DISCONNECTS – PUSH BUTTON SAFETY RELEASE COUPLINGS

- State of the art push-button coupling technology
- Double release air safety coupling prevents hose whip
- Leakage free – "thru o-ring" design greatly reduces expensive air leaks
- Fully interchangeable with series listed below
 - Meeting MIL-C-4109 and ISO 6150-B specifications conforms to ISO 4144 safety specifications

Applications:

- Safety required air tools, blowguns, air automatic equipment
- Paint and body shops
- Automotive and aircraft assembly lines

Instructions:

1. The first press on the push-button decompresses the lower part of the circuit without disconnecting the plug, and with reduced risk to the user.
2. The second press on the push button safely releases the plug.

SAFETY BLOW GUN WITH OSHA VENTURI NOZZLE

Ergonomic design fits in your hand comfortably, and composite body and nozzle will not scratch – sturdy and durable.

- Light weight (4.8 oz.)
- 1/4" female brass insert to match any plug profile
- Built-in hole on body so it can hang up easily on hook
- The shape of the trigger will not allow any dust or material inside the gun
- It operates with a double O-ring seal and stainless steel spring
- Built-in trigger stop at the handle base prevents the handle from being over extended and fatigued
- Trigger and nozzle angle are shaped in the natural air flow of the gun
- 7.7 SCFM @ 87 PSI
- 90 db rating
- Blower Force - 9.5 oz.
- Dynamic pressure @ 87 PSI = 17.40 PSI

DESCRIPTION	PART
Safety Blowgun with OSHA Venturi Nozzle	A 52233

MISCELLANEOUS – CUTTING TOOLS

Saf-T-Küt™ CARBIDE TIPPED RECIPROCATING SAW BLADES – 1/2" SHANK

**Sāf-T-Küt™ saw blades save you huge amounts of time and trouble.
This little investment can save you BIG dollars!**

Don't let your workers cost you thousands of dollars in repairs due to accidentally cutting into electrical, telecommunications or plumbing lines!

Our blades are designed to safely cut through drywall and plaster without damaging hidden lines within the walls.

The carbide tipped blades were developed by contractors just like you that were spending time and money fixing mistakes created by old style blades. With Sāf-T-Küt reciprocating saw blades this problem is virtually eliminated!

- Fits any reciprocating saw
- Cuts through drywall and plaster easily
- Keeps plumbing and electrical lines safe
- Eliminates dust
- Sold in 2 blade packs

DESCRIPTION	LENGTH	PART	
Sāf-T-Küt™ Specialty Recip Blade	2-1/8"	B	19270

MISCELLANEOUS – SAFETY CENTER

MSDS SAFETY SHELF / MSDS BINDER / HAZARDOUS MATERIALS POSTERS

MSDS Safety Shelf

- Holds up to three binders
- Wall Mountable
- 3 pierced holes for chain attachments
- Exterior Dimensions:
20" H x 37-1/2" W x 14" D
- Shipping weight: 32 lbs.

P/N 50024

P/N 17033

Get all of these great safety items in one shot with the Safety Center (P/N 17033). Or order each item separately using the individual part numbers.

Under Federal law, you may be required to have a Material Safety Data Sheet (MSDS) on file for every chemical used at your place of business.

Keep your Material Safety Data Sheets organized and readily accessible with our top quality MSDS Binders.

Employees who don't understand how to handle hazardous materials properly are a risk to themselves and others.

An overly technical MSDS and different labeling systems can add to the confusion. Help your workers understand all of the technical terms and label symbols so they can work safely.

P/N 85199

MSDS Binder

- 1-1/2" ring – yellow
- Made from .055 gauge polyethylene
- Durable, yet lightweight
- Bright yellow poly with black imprint provides high visibility
- Top quality 1-1/2" capacity 3-ring (metal), with opening and closing boosters
- Holds approximately 300 sheets of 20# bond – 8.5" x 11" paper

Hazardous Material Posters (2)

- Heavy duty laminated posters
- One poster instructs employees on how to read a MSDS
- The second poster instructs employees on how to read hazardous material labels
- Poster size: 18" W x 26" H

P/N 200147

HURRICANE & DISASTER PREPAREDNESS KIT

#17958 COMPLETE KIT (Fastener and Safety Kits)

- Everything you need to be prepared for a hurricane, emergency disaster or blackout
- Fastener Kit contains all items necessary for fast and secure board-up of windows and doors
- Safety items are neatly pre-packed in a heavy duty water-resistant bag and ready for immediate use
- Wide opening bag has 23 pockets for additional tools

Fastener Kit only
#17958F

Safety Kit only
#17958S

FASTENER KIT INCLUDES:

MAINTENANCE EFFICIENCY CENTER

Get organized and increase your efficiency now!

SUPERIOR QUALITY PRODUCTS • SAVE ON DOWNTIME • REDUCE LABOR COSTS

CHROMATE OFFERS YOU EXCEPTIONAL PRODUCTS, SERVICE, AND INNOVATIVE SOLUTIONS!

- A leading supplier of high quality maintenance products and inventory management services.
- Providing the industrial MRO market places with "Systematic Solutions" for 50 years.
- Our expertise is in the reduction of your consumable MRO parts procurement costs (acquisition, possession, and application).
- Satisfying the needs of the most demanding industries such as mass transit and fleet maintenance, construction, power, energy & utilities, hospitals, universities and more.
- Eliminate wasted time and money spent on parts chasing and performing maintenance operations with incorrect and inferior parts.
