EXTEND THE LIFE OF YOUR CUTTING TOOLS WITH THESE RED LION™ LUBRICANTS!

Cutting Wax

2oz. – P/N 74559

16 oz. – P/N 74560

Specially formulated multi-purpose cutting wax. For faster, smoother cutting operations & longer tool life. Use for all drilling, cutting & tapping applications.

- Continuous shield against friction and heat
- Especially effective on stainless steel, aluminum and many exotic alloys
- Extends tool life and reduces chip welding
- Reduces tool costs and work piece scrap
- Provides a precision finish with closer tolerances on your finished work

Cutting Fluid III

P/N 74172

An oil based aerosol lubricant for drilling, tapping, cutting & threading operations.

- Provides a cleaner, smoother, faster and cooler cut
- Authorized by the USDA for use in federally inspected meat and poultry plants
- Effective on most metals (not for use on aluminum)

Tool Cool II

P/N 74185

A solvent based aerosol tool coolant for drilling, tapping, cutting & threading operations.

- Clear tool coolant for drilling, tapping, threading and cutting
- Fast evaporation provides clean, cool cuts with no clean up
- Effective on most metals (not for use on aluminum)
- Non-flammable for increased safety

Toolube

P/N 74523

A non-oil based, non-aerosol lubricant for drilling, tapping, cutting & threading operations.

- Provides a cleaner, smoother, faster and cooler cut
- Contains no oil and has no strong noxious fumes
- Easy clean-up and environmentally safe
