

REFLECTIVE DOT TAPES

DOT Approved

- Strong and durable for easy application to smooth surfaces
- Reflective DOT Tape is certified and guaranteed to meet and exceed NHTSA requirements
- Meets or exceeds all FMVSS 108 requirements, including DOT-C2 Certification Mark
- Durable – resists weather, dirt and aging
- Aggressive pressure sensitive adhesive with an easy to remove liner
- Non-corroding
- High brightness
- Wide angularity to almost 90° from perpendicular
- Pre-sealed edges
- Non-metallic construction to prevent corrosion
- 7 year warranty (non-prorated)

P/N 32878

- Roll – 2" x 50 yards
- Red 11" / White 7"

P/N 32879

- Strips – 2" x 18"
- Red 11" / White 7"

Reflective DOT Tape is a highly retroreflective microprismatic marking designed to mark the sides and rear of vehicles for enhanced visibility and detection. The reflective marking consists of prismatic lenses that are formed in a transparent, synthetic resin, sealed and backed with a pressure sensitive adhesive and clear poly liner. Applied to properly prepared surfaces, Reflective DOT Tape should provide seven years of field performance.
