Our Highly Skilled Technical Representatives Develop Your Modular Military MRO System To Meet The Needs Of Your Specific Mission!

- The military conducts combat operations in ever changing situations, thus everything for combat sustainment must be mobile.
- Re-supply must be easy to obtain and timely.
- With a proven record as the industry leader in modular workspace mobilization, the Chromate team has the knowledge and know-how to help you plan and build your Deployment System.
- We are a leading supplier of high quality maintenance products and inventory management services.
- We have provided "Systematic Solutions" to industries and the Government for 50 years.
- Build a custom motor pool system or mobilized system to meet your deployment needs.
- Your system will be designed and customized to fit the needs of your combat unit's mission. We listen, and meet your needs.
- Built to fit your container of choice. However, hydraulic set-up must be in a Tricon or larger container.
- Custom CAD drawings of your unique Deployment System are provided upon request.
- Chromate provides you with a "TURN KEY" set-up! We do all the work. YOU JUST USE IT!

Types of Military MRO Modules

The modules are broken down by type of item and include:

- Electrical
- Hydraulic
- General Repair
- Drills
- Cutting Tools and Abrasives
- Fasteners

We provide a comprehensive inventory of resupply items to keep your inventory stocked no matter if you are at home station or deployed.
