# MINI-TAC LED FLASHLIGHTS

## 100 Flashlight Lumens / 140 Flashlight Lumens

### Mini-TAC Flashlights

These non-rechargeable Mini-TAC lights each use a CREE® LED and have a deep parabolic reflector creating a tight, long throw beam for distance illumination. The tail switch on each light provides momentary or constant-on functionality.

Each come with a removable pocket clip, while the 66297, with its gooseneck design, comes with a removable clip-on magnet for hands-free use. The 66296 and 66297 also include a removable wrist lanyard.

- CREE® LED technology, 50,000 + hours LED life
- Momentary or constant-on flashlight
- Sharp focused flashlight beam
- Aircraft-grade 6061-T6 aluminum
- Type II hard anodized finish
- Non-slip grip
- Water resistant
- Impact and chemical resistant
- 2 AAA Premium batteries included:
  - 66295BLK
  - 66295BLU
  - 66295R
- 2 AA Premium batteries included:
  - 66296
  - 66297
- Replacement batteries:
  - AAA (P/N 29204)

# MINI-TAC LED FLASHLIGHTS

High/Medium/Low Settings – 200/90/45 Lumens

## Mini-TAC Pro Flashlight

Non-rechargeable Mini-TAC Pro light uses a CREE® LED and has a deep parabolic reflector creating a tight, long throw beam for excellent distance illumination.

With a waterproof design, this light is constructed from aircraft-grade 6061-T6 aluminum with a Type III hard anodized finish.

The tail switch provides momentary or constant-on functionality, a set of user-selectable high, medium or low-brightness settings as well as a disorienting strobe. Light comes with a removable pocket clip and is powered by two AA batteries.

- CREE® LED technology, 50,000 + hours LED life
- Momentary or constant-on flashlight plus 3 brightness levels & strobe
- Sharp focused flashlight beam
- Aircraft-grade 6061-T6 aluminum
- Type III hard anodized finish
- Non-slip grip
- Waterproof
- Impact and chemical resistant
- Meets the requirements of NFPA-1971-8.6 (2013)
- 2 AA Premium batteries included
- Replacement AA batteries, reorder with P/N 29203

## Chromate Red Wall Maintenance Efficiency Center Program

VMI is a means of optimizing Supply Chain performance in which the manufacturer is responsible for maintaining an organization's inventory levels. The manufacturer has access to the distributor's inventory data and is responsible for generating purchase orders.

Chromate, your Vendor Managed Inventory (VMI) partner, is a mid-size privately held organization, offering maintenance, repair, and operations (MRO) and metalworking products to businesses and organizations across all verticals. Customers who leverage Chromate's Vendor Managed Inventory benefit from greater flexibility, increased transparency, convenient accessibility, and improved productivity.

### Why Chromate's Vendor Managed Inventory?

- **Quality:** Chromate is known for high-quality product and outstanding Customer Service.
- **Fill Ratio:** We offer a 98% order fill ratio on all stocked product.
- **Customized Relationships:** We will work to your every specification.
- **Unconditional One-Year Guarantee** on all stock products.
- **Cross Vertical Experience:** Chromate technical field representatives can introduce clients to best practices from industries they are not ordinarily exposed to.

### Chromate Vendor Managed Inventory creates opportunities for:

- Greater productivity
- Reduced downtime
- Increased efficiency
- Improved organization

### The Chromate relationship:

1. Understands the customer's needs.
2. Identifies inefficiencies and potential profit areas.
3. Offers customizable solutions to boost efficiency and increase profitability.

### Chromate Red Wall Maintenance Efficiency Center Program

#### How it works:

- The Chromate Rep works with you and your team to determine your most critical maintenance items in light of available floor space.
- Chromate measures and configures each drawer to suit the chosen product.
- Chromate provides you with the custom-configured Red Wall to suit your maintenance environment.
- Your representative visits you regularly to replenish your Red Wall.

Experience the benefits of vendor managed inventory with Chromate's Red Wall Maintenance Efficiency Center, stocked with Chromate's superior quality products and serviced by our knowledgeable technical field representatives.

Our Red Wall program is ideal for a variety of MRO consumables and Chromate's Red Wall program is being successfully leveraged by hundreds of customers across all verticals, such as mass transit and fleet maintenance, power, energy, healthcare and air transport.
