Wire Caddy – With Cross Link Wire

Twelve separate compartments keep supplies organized

Twenty four through-holes guide wires to prevent tangling

Eleven rod mounting holes give you the freedom to configure the caddy in several ways

Convenient, durable and easy to use, the wire storage caddy is a great, portable organizational tool.

- Heavy duty cold rolled steel construction with a durable baked red enamel finish
- Large carrying handle makes transportation easy
- Plenty of storage for connectors, terminals, and strip/crimp tool
- Lid can be secured with a padlock
- 16-3/4" H x 11" W x 7-1/2" D

Includes six 100' rolls of cross-link wire and "super stripper" strip/crimp tool.

Wire	Color
• 18 AWG	Red
